ABSTRACTS

India the economic deprive groups peoples, low standard self-business owner practice of political party activist and N.G.O protest assemble activist helpful of economic empowerment of that deprive groups by root of extended peoples option/big size group of peoples option, lobbing business chain helpful. But purpose of deprive group, low standard business owner peoples to fight for evolution to break monopoly of big size self business owners.

Peoples not practice of that type political party .N.G.O phenomena in common to complex have not advantage of extended link of peoples.
