### ABSTRACT

*This article discusses online internet gambling and its psychological dependence. In today's society, with the development of information technology, various computer games and their addictions are becoming more common among young people. Gambling can have a profound effect on a person's psychological well-being, leading to stress and depression. Internet gambling is becoming one of the most serious problems today. The article provides a psychological analysis of gambling addiction.*

**KEYWORDS:** Online Gambling, Addiction, Behavior, Stress, Depression, Emotional Disorders, Groups, Socio-Psychological.
