ABSTRACT

This article is devoted to the semantic analysis of noun phraseological units (NPU) in Persian. NPUs, expressed in nouns, adjectives or other nouns of the base member, are widely used in the Persian language. Semantic analysis of Persian NPUs in the article Iran scientist A. Rubinchik conducted within the framework of the foregoing classification and covered types based on the meaning, partially based on the meaning and based on the meaning, not based on the meaning.

KEYWORDS:Semantics, Chatty, Addition, Integrity, Common Sense, Meaning Integrity.
