ABSTRACT

The article discusses the most important achievements of modern linguistics in Uzbekistan. It is now in a new paradigm, from the point of view of the educational activity of foreign language classes with the participation of students of pedagogical universities. The most important object of research in this article on cognitive linguistics of foreign languages is the concept of concept. Concepts are mental thoughts that have a name in language and reflect the cultural and national views of a person in the world. Concepts are the concentrate of culture and the experience of a people.
