ABSTRACT

Scholars from Uzbekistan have done a great job in all areas of Islamic science. Along with hadith, aqeedah, Islamic jurisprudence, tafsir and other areas, the sciences of sufism have also developed in our country. This article provides information about the great mystic scholar from our country, the founder of the Kubravian doctrine Najmiddin Kubro, his life and the interpretation of the mystical Qur'an.

KEYWORDS: *Koran, Tafsir, Hadith, Akida, Fiqh, Tasawwuf, Tarikat, Mufassir, Tawil, Surah, Ayat.*
