### ABSTRACT

*The article examined the issues of religious forbiddens in religions and their role in the social life of society. The problems of religion have always worried humanity. Each religion is a series of rituals, customs, the problem of what is allowed and what is forbidden, etc. But the problem of what is allowed and what is forbidden has always played an important role in the social life of society. Religious prohibitions are closely related to social life and strongly affect the social and psychological aspects of a person's life.*

**KEYWORDS:** Religion, Taboo, Social, Society, Permitted, Forbidden, Ritual, Islam, Christianity, Judaism, Monotheistic Religions.
