ABSTRACT

A few years before that, the word “innovation” was an unfamiliar concept to many. We began to use this term, which came from abroad and began to play in our ears more often, in harmony. But not so long ago-modern technologies and knowledge, which began to develop at the beginning of the reforms of the New Uzbekistan, the reason for which today “innovation” has become one of the main words in our language dictionary. The article explores the importance of innovative ideas pedagogically.

KEYWORDS: *Education, Innovations, Knowledge, Innovative Process, Innovative Formation.*
